Three Wibit Peakz. Countless challenges

Wibit Peakz challenges you to get from peak to peak by crossing a variety of bridges connected at three heights: one, two or three meters above the surface. The modular design allows the park to be configured in an infinite array of combinations for ultimate flexibility. In this way, courses with different levels of difficulty can be created and changed

at any time. New combinations and additions are extremely easy to implement thanks to the four connection points that each summit has to offer. Let's create the most optimal course for your location!

The ultimate
visitor
magnet

Wibit Peakz: THE highlight of the beach

It's big. It's bright and totally unique. Wibit Peakz definitely stands out in the water and works effortlessly to attract paying guests.

Wibit Peakz is the ideal addition to any new or existing waterfront business. Best of all, it can be easily connected to our Wibit SportsPark to really dominate the beach.
