

MultiClimb

Find your way to the top

The module in action:

Spark a sense of adventure in your guests as they ascend the MultiClimb from three different sides, using distinct climbing features such as grips and ropes. Once they reach the top, they can slide down or leap into the water for a splashy finish. The MultiClimb is designed to test both skill and endurance, providing a fun challenge for visitors of all ages and fitness levels.

Your benefits:

Launch your Wibit business with the MultiClimb as a standalone module or add this attractive feature to your existing park to boost its appeal. The three integrated SUS ascent options ensure good accessibility to the module and enable consistently high utilization from all sides.
